

OPUS

Orthotic & Prosthetic Users Stanmore

The Lotus Flower is an enduring symbol of determination and perseverance despite adversity

OPUS is a voluntary user group working alongside the RNOH Trust to provide an effective forum for all RNOH Orthotic and Prosthetic Department users, their families and carers. OPUS aims to establish a network of peer support and a positive working relationship between users, centre clinicians and the Trust, providing opportunities for feedback, voicing concerns and sharing ideas.

Please e-mail OPUS-rnoh@outlook.com to be added to our mailing list
